We make a living by
what we get. We
make a life by what
we give.

WINSTON S. CHURCHILL

All-Inclusive, Year-Round Sponsorship

Nature is not a
 place to visit. It is
 home.

GARY SNYDER

The Environmental Learning Center is a not-for-profit 501(c)(3) founded in 1988 by a group of environmentally conscious pioneers from the Pelican Island Audubon Society who lived in our community and cherished the nature that thrives in the Indian River Lagoon. Through the support of our community, donors, members, board, staff, and volunteers, we are able to build our educational nature learning and stewardship programs and bring nature to all, including those with limited means and access to nature.

Our mission is to educate, inspire and empower all people to be active stewards of the environment and their own well-being.
